THE FAST THAT GOD HATH CHOSEN.

BY THE REV. JOHN PIERPONT.

HYMN FOR THE NATIONAL FAST, APRIL 30, 1863.

"Is it such a fast that I have chosen—a day for a man to afflict his soul; to bow down his head like a bulrush, and to spread sackcloth and ashes under him? Is not this the fast that I have chosen: to loose the bands of wickedness, to undo the heavy burdens, to let the oppressed go free, and that ye break every yoke?" Isaiah viii 5, 6.

In deep humility,
Worshiping only Thee,
Prostrate we fall,
And while Thy name we bless
And own Thy righteousness,
Look, in our sore distress,
On Thee we call.

Our great sin we bemoan—
Our fathers' and our own;
We cloak no more
The hundred years of wrong
We've nursed and made so strong.
The sin we've loved so long
We now deplore.

As sovereign, on Thy throne
Vengeance sits not alone
To scourge our land;
Mercy comes nearer Thee,
And, on her bended knee,
Holds back, with her strong plea,
Thy chastening hand.

Beneath the tempest's tread
The bulrush bows its head,
But when the blast
That humbled it is o'er,
It lifts itself once more
As proudly as before
The storm o'erpassed.

So be it not with us!
But, while we bow down thus
Beneath Thy frown,
Let us, with penance meet,
Lie lowly at Thy feet,
And ne'er the sin repeat
That brought us down.

WASHINGTON, D. C., APRIL 6, 1863.

SMALL VICES

False appetites are expensive. Small vices cost large sums. What connoisseurs in fumigants call a good Havana cigar, cannot now be bought for less than ten cents, and thousands of young men with moderate incomes smoke from two to five such cigars every day; or, in other words, expend from $73 to $182.50 a year on an unhealthy nuisance. *Solace* chewing tobacco—what a misnomer!—sells for ten cents a package, and a vigorous consumer of that kind of provender will use five packages a week.—*Item*—for masticating poison, $26 per annum. Liquors are retailed at ten cents a dram. "Moderate drinkers," we suppose, average about three drams *per diem*. Yearly cost, $109.50. The liquor estimate is decidedly too low, but let it pass. As a general thing, the man who chews smokes, and the man who chews and smokes, in eight cases out of ten, drinks intoxicating beverages. We will therefore put down the average annual expense of these three "small vices," to gentleman indulging in them, as follows:—Cigars, say $100; chewing tobacco, say $26; liquor, say $106: total, $235.

The cigar and liquor estimates are under the mark, and we have omitted snuff from the list of luxuries, although some noses cannot cost their owners less than from $10 to $15 a year in tobacco dust. There are multitudes of young men about town, with stipends not exceeding $1,000 a year, who lay out at least one fourth of that amount on the little delicacies above enumerated. They don't save anything, of course, for dress, board, and such necessaries of life as the theatre, billiards, bowling alleys, and the like, eat up the remaining three fourths of their receipts. They don't read much, it is presumed, for they cannot afford to buy books, and smoking, and lubricating the floors with tobacco juice, is not permitted in the public libraries. Many of them will probably never see this article, inasmuch as four cents for the LEDGER would be nearly half a cigar subtracted from their week's enjoyment—a thing not to be thought of by your "votary of the weed."

If these young men with "small vices" and small incomes make both ends meet, they consider it a "big thing," but the balance is generally against them, and Debt, the consequence of their offenes against taste and violations of the laws of health. This year the tax gatherer will require of them for the good of their contry, say one twentieth of the sum they have severally expended during the past year in vile forage, pestiferous fume, and pernicious drinks. No doubt some of them will grumble at the impost, as they lay aside their cigars to count out the money. Patriotism is all very well when it costs nothing, but alcohol and tobacco are essentials that Fast Young America must have, be the price what it may.

TAKEN AT HIS WORD.

Cromwell was thinking of marrying his daughter to a wealthy gentleman of Gloucestershire, when he was led to believe that one of his own chaplains, Mr. Jeremy White, a young man of pleasing manners, was secretly paying his addresses to Lady Frances, who was far from discouraging his attentions. Entering his daughter's room one day, the protector caught White on his knees, kissing the lady's hand. "What is the meaning of this?" he demanded! "May it please your highness," replied White, with great presence of mind, pointing to one of the lady's maids who happened to be in the room, "I have long courted that young gentlewoman and cannot prevail; I was therefore praying her ladyship to intercede for me." "Why do you refuse the honor Mr. White would do you?" said Cromwell to the young woman. "He is my friend, and I expect you should treat him as such." "If Mr White intends me that honor," answered the woman, with a very low courtesy, "I shall not be against him." "Sayest thou so, my lass?" said Cromwell; "call Goodwin—this business shall be done before I go out of the room." Goodwin, the chaplain arrived, and White was married on the spot to the young woman.

CARPETINGS, APRIL 8, 1863.

IN CONSEQUENCE of the very high prices demanded by Manufacturers and Importers of Carpets, and the certainty that they will soon be lower, we have decided not to replenish our stock at this time, but will continue to sell from our present assortment, which is very good, at the same low rates at which we have been selling for the past month; PRICES LESS than they can be bought anywhere else. And we would say to any of our customers that we will buy for them any particular style which we may not have on hand, and charge a very small commission. We continue to make and put down carpets at our usual low prices. LAWTON BROTHERS.

R. H. EDDY,

SOLICITOR OF PATENTS.

Late Agent of U. S. Patent Office, Washington,

(under the Act of 1837.)

No. 76 State St., opposite Kilby St., BOSTON,

After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France, and other foreign countries, Caveats, Specifications, Bonds, Assignments, and all papers or Drawings for Patents, executed on liberal terms, and with despatch. Researches made into American or Foreign works, to determine the validity or utility of Patents or Inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

The Agency is not only the largest in New England, but through its inventors have advantages for securing Patents, of ascertaining the patentability of inventions unsurpassed by, if not immeasurably superior to any which can be offered them elsewhere. The Testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional services so moderate. The immense practice of the subscriber during twenty years past has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.

These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.

All necessity of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS.

"I regard Mr. Eddy as one of the most capable and successful practitioners with whom I have had official intercourse.
CHARLES MASON
Commissioner of Patents.

I have no hesitation in assuring inventors that they cannot employ a person more competent and trustworthy, and more capable of putting their applications in a form to secure for them an early and favorable consideration of the Patent Office.
EDMOND BURKE,
Late Commissioner of Patents.

Mr. R. H. Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and that is *now pending*. Such unmistakable proof of great talent and ability on his part leads me to recommend *all* inventors to apply to him to procure their patents as they may be sure of having the most faithful attention bestowed on their cases and at very reasonable charges."
JOHN TAGGART.

During eight months the subscriber, in course of his large practice, made on *twice* rejected applications SIXTEEN APPEALS, EVERY ONE of which was decided in *his favor*, by the Commissioner of Patents.

THE SPRING CAMPAIGN.

There is a class of gloomy croakers who never cease making their mournful predictions.—With them no time is unfit for the exercise of their especial vocation, and no subject but offers a suitable opportunity—Chadband-like—for "improvement." The ranks of this portion of our fellow-citizens are now greatly augmented by the addition of the Copperheads and other disloyal malcontents. To these the seeming ill success of our Spring campaign has furnished abundant occasion for the utterence of many doleful prognostications and many asseverations as to the helplessness and imbecility of the administration. But these worthies have been too fast in putting forth their jeremiades. The spring has not yet passed; indeed, meteorologically speaking, it has only begun. The storms which characterize the Southern winter with the resultant mud, have but just ceased, and not until the present week has a movement upon the "sacred soil" been practicable. We yet have a month to six weeks at least of the vernal season in which to throw our forces upon the foe—a period which, well spent, will do much toward bringing our task to a close.

For a long time Vicksburg has been the theme in the discussion of which the most bitter reproaches have been heaped upon the administration. Such journals as the New York *World*, *Express* and Boston *Post* have made it a standing dish with which to regale their readers when other and fresher topics of complaint failed. Even we of the loyal portion of the press began to find our hope falling to zero, and to experience that sickness of heart said to be caused by the long postponement of promised good. But how true that the heavens—political as well as moral—are darkest just before the dawn! At a time when we were looking for success to crown our arms in every other portion of the field of contest save at Vicksburg, at that very spot the clouds broke unexpectedly away, and the morning star of victory arose on our gladdened vision. The lightning flashed the intelligence of the running by the Rebel batteries of six gunboats and three transports, and, at once, all patriot hearts thrilled with joy, and every eye beamed with hope. The subsequent passage of other gunboats and transports but confirms and emphasizes the expectations to which the first achievement had given birth, and we are now assured, not only of the ultimate reduction of that Rebel stronghold, but of our undisputed and complete control of the Mississippi—which control sunders the Confederacy into two portions, and cuts what Davis himself has styled the *aorta* of the Rebellion.

The temporary check we experienced in Charleston Harbor, similarly served as the text for many Copperheaded discourses. But in this case, also, the "moral" of their story was greatly shorn of its dimensions by the important facts, that the failure was accompanied by only the most trifling loss of life and none at all of treasure; that our iron-clads were ready to renew the conflict on the next day, and that they now lie in and about the Harbor, only waiting the proper tides to once more break a lance in defence of the good cause. These are stubborn truths, which even the most malignant and venomous Copper. cannot well get rid of. As to the approaching attack upon Charleston, we are glad to notice that government has at last awakened to the importance of properly supporting our ironclads by an adequate land force. It is reported that Gen. Hunter's contingent has been largely reinforced, and will play an important part in the next act of this grandly interesting drama.

Defeated at having their most poisonous weapons thus rendered harmless, the Rebel sympathizers at the North have drawn upon their imagination for a new sensation. This time they have given rein to that faculty, and the result is a piece of goods evidently manufactured "out of whole cloth." Chagrined at the undisputed success which has attended Hooker's efforts at bringing order out of confusion, the opposition press have hit upon the not very original idea of a misunderstanding between him and the President. Dark hints of orders disobeyed and a dissolution of the *entente cordiale* that has heretofore existed between the commander-in-chief and the Washington authorities, are paraded with great affectation of mystery. But all this only proves that the wish is father to the thought on the part of the originators, and this "weak invention of the enemy" will soon be forgotten in the interest that Gen. Hooker's movements must soon excite. It speaks well for the administration when its opponents are reduced to the necessity of fabricating their charges against it, and that no graver accusation can be laid at its door. For this, at least, if for nought else, the country may return thanks.

Henry Ward Beecher has received from the trustees of Plymouth Church, a leave of absence for six months to visit to Europe.

Gen. McClellan has applied for commutation of quarters in New York, that is to say, for an extra allowance in money, instead of the headquarters' expenses he would incur in the field.

All Honor to the Glorious 5th.

The 5th R. I. Regiment and the Relief of Washington N. C.

The relief of Gen. Foster's command at Washington N. C., by our 5th Regiment, has attracted but little attention, yet, it is one of the most gallant achievements of the war. The Federals had been long hemmed in at Washington, and were apparently surrounded by a vastly superior force. Their supplies of Commissary stores and ammunition were already well nigh exhausted, and every avenue to relief seemed to be effectually blockaded up. Two attempts had been made by experienced officers to reinforce Gen. Foster, but they had failed. Day after day the gunboats had endeavored to run the gauntlet of the enemy's batteries, but had been repulsed.

In the meantime, the force at Washington was fast exhausting its strength and its resources, and it must soon have relief or be compelled to surrender. The General would not take the responsibility of ordering any force to attempt, under the circumstances, to run the blockade. In this condition of things the 5th R. I. Regiment volunteered to make the dangerous experiment. The steamer *Escort* with ammunition and stores, was put at the disposal of Col. Sisson. The experiment was full of hazard, but, the gallant command at Washington, was the prize for which they were to be in peril. Stimulated by a desire to serve their companions in arms, and by the lofty devotion to the cause of the Union, which has ever animated them, these men of the 5th, under the protecting care of a benign Providence, passed through the tornado of shell and shot which was hurled at them, accomplished the object of their undertaking and forced the rebels to raise the siege of Washington. In doing this they have earned an immortality for themselves and a title to their country's gratitude; and those who administer the government, should show some proper appreciation of their gallant conduct.

The following papers will show in what light their conduct is viewed by their companions in arms:

HEADQUARTERS, WASHINGTON N. C.
April 19, 1863.

Col. Henry T. Sisson, Commanding 5th Regiment R. I. Vols.

Colonel:—By direction of Major Gen. Foster, I have to regret that, in the hurry of his departure from Washington, he was unable to formally acknowledge the valuable aid you brought to Washington, N. C., during its siege.

The many things he had to attend to, allowed him only time to say good bye to the old garrison, and not to welcome the new.

He directs me to thank you, and the brave officers and men under you, for the energy, perseverance, and courage displayed in running the gauntlet of the enemy's batteries, in a large and scantily protected steamer, and bringing to your comrades in Washington, the much needed supplies of men, ammunition, and commissary stores.

The doing what you did, reflects equal honor on yourself, your officers, your men, and the State from which you are proud to come.

I have the honor to be, with great respect,

Your obd't serv't,
SOUTHARD HOFFMAN A. A. G.

CAMP "STEVENSON."
HEADQUARTERS 44th Regt. M. V. M.
New Berne, April 25th 1863.

Col. Henry T. Sisson, Commanding 5th Regiment R. I. Vols.

Colonel:—At a meeting of the Field, Staff, and Line Officers, held at Washington N. C. on Tuesday evening, April 21st, Col. F. L. Lee presiding, the following resolutions were unanimously adopted:

Whereas, During the late siege of Washington, N. C., when the town had been bombarded, and all its communications cut off for fifteen days, after several ineffectual attempts had been made to relieve the garrison, and the enterprise had been virtually pronounced impracticable, Col. Sisson volunteered the services of his Regiment, and succeeded against every obstacle and discouragement in running the blockade with the steamer *Escort*, and thus bringing to the besieged forces, the much needed reinforcements, ammunition and supplies.

Resolved, That, in this achievement, Col. Sisson, with his brave regiment, has performed one of the most heroic acts of the war; and that this act, by so disheartening the enemy, that, within ten days, he was led to retire, was the immediate cause of the raising of the siege.

Resolved, That the members of the 44th Regt. Mass Vol. Mil., feel that thanks are peculiarly due from them to their comrades in arms, who so generously volunteered their services, and met so great risks in carrying succor to a brother regiment.

Resolved, That, as an expression of their gratitude and admiration, if it meet the wishes of the 5th R. I. Regiment, a set of colors be presented to them, bearing a device, commemorative of their act of gallantry.

FRANCIS L. LEE
Col. Comd'g 44th Regt. Mass. V. M.

OPENING OF A GYMNASIUM.—We are reliably informed that a young man, the son of one of our most respected citizens, and who is a recent graduate of the Normal School for physical culture of the celebrated Dr. Lewis, in Boston, Mass., will open a school for Gymnastics and Physical Culture, in this city soon. A hall has been procured and is now being fitted for this purpose, and will be opened for the exercise of both ladies and gentlemen, in the new system of Dr. Lewis's Gymnastics. The young gentleman referred to, is in every way qualified to teach this useful branch of physical culture, to all who are desirous of improvement in the important matter of physical health and strength. A more definite notice will be given soon.

RUN AWAY.—Yesterday morning a horse attached to a wagon, belonging to Mr. D. Henry Barker, and driven by a young lad, took fright while passing along from Willow street on the Point, and ran very furiously until he was brought up in front of the house of J. Barker Freeborn, on Elm Street, where the wagon was overturned and the shafts broken, but fortunately no other injury sustained. The escape of the young lad who was driving was wonderful, and his coolness and daring in holding on to the reins and guiding him on to a "bringing up" place, was remarkable in one so young, and doubtless saved his life and limb.

COMING HOME.—The friends of Col. Geo. W. Tew will be pleased to learn that he has started for home on a furlough, and is expected to arrive here on Sunday morning next.

FAST DAY.—The National Fast was observed yesterday by services in all our churches, and by our citizens generally. The stores were closed, and people seemed to feel the spirit of the President's Proclamation, in a manner never realized before under similar executive recommendations.

The Rev. C. T. Brooks, at the Unitarian Church, preached a sermon in the morning, from the 18th chapter of St. Luke, 7th, 8th and 9th verses. The subject was, "The present troubles considered as a coming of the Son of Man in judgment to this Nation, and as a test of the Nation's faith, the sincerity of its prayers, as well as of its claim to be an "elect people."

Rev. Mr. Adlam of the 1st Baptist Church, preached in the afternoon from Daniel, 9th chapter and 16th verse.

His subject was, "The occasion of our present judgments, and our duties that accrue therefrom."

Rev. Mr. Malcolm, of the 2d Baptist Church, preached from Jeremiah 3d chapter and 22d verse. Subject, "The necessity of returning from our backslidings and the promise of restoration to the divine favor, and of National deliverance, upon our return to God."

Rev. Dr. Thayer, of the Congregational Church, preached in the morning from the 17th chapter of St. Luke, and the 23d verse.

Also meetings for prayer were held during the day and evening at the above named place of worship.

Rev. Mr. Child of Zion Church made an address, but took no text.

There were morning prayers at Trinity Church, and no sermon.

At Emmanuel Church there were morning prayers, and, as also in the entire three Episcopal churches, the lessons and service for Ash Wednesday were used—being exceedingly appropriate.

The 1st lesson was the 58th chapter of Isaiah, and the second lesson, the 6th chapter of St. Luke, beginning at the 20th verse.

The special prayer, sent to the churches about a year since by the Bishop of the Diocese, was also used.

Rev. Dr. Eaton preached no sermon, but before the closing collect and benediction, remarked that he had purposely abstained from preaching a sermon, in order that nothing might intervene to divert the minds of his people from the fact that the occasion was one of humiliation, fasting and prayer—and in order that they might be simply imbued with the spirit of the Proclamation of the President, which was characterized as an able and conciliatory document of great good taste and beauty, and of an excellent tendency for good.

DEATH OF THOMAS GIFFORD.—We have to record the accidental death of another of the sailors attached to the naval service in our harbor. Thomas Gifford, a native of Newport, and brother of Lieut. Obed Gifford, was a seaman on board the U. S. ship John Adams. One day of last week he was at work lacing a net under the jib-boom, and was lying on the jib-stays, on his back, and in hauling the seizings taut with a marline-spike, the seizings parted and he fell striking heavily on the back-rope (chain) about eight feet below, and from that overboard. He was immediately rescued and taken to the hospital on Goat Island, and attended by the surgeon. There were *no bones broken*, nor any important injury visible outwardly, as we are expressly informed by one who was present then, and also during his sufferings, more or less, up to the time of his decease. On the same afternoon of the accident, the injured man was taken to his home in Newport, and attended by Dr. Henry E. Turner. He, however had, it seems, received severe internal injuries, which were followed by inflamation of the lungs, and after lingering a few days, died on Wednesday afternoon, at 4 o'clock. Mr. Gifford, as will be seen by the obituary notice of to-day, was 32 years of age.

RAILROAD PROGRESS.—The railroad bridge on Willow Street is nearly completed. The stone work is finished and it is now being covered with planking, so that in the course of a week it will be ready for travel. There is another road being filled in, in the cove just east of the track already laid to the Long Wharf, to be used as a switch-off for the locomotive. It is proposed also to run a street from Bridge Street directly across to the Long Wharf, near the bridge. This work will progress very rapidly as soon as the engine can be placed on the tracks, and the dirt will be tumbled into the cove in so rapid a manner, that the cove will soon be known only as one of the reminiscences of Newport.

ARRIVAL OF CONVALESCENTS.—More than fifty convalescents arrived here yesterday morning and were taken up to the Grove by the steamer Perry.

This morning the steamer Bay State, brought on fifty-one—mostly Maine and Massachusetts men. They were from the West Building Hospital, Baltimore, and came on in charge of Dr. Woodhull, Assistant Surgeon of the Hospital.

There was but one Newport boy in this lot—William Freeborn, who went out as a member of the 6th Maine Battery. They were taken to the Grove by the steamer Perry.

MILITARY.—Our military organization, under the new law, are on the increase. On Wednesday evening last, a meeting of Engine Company No. 2, on Bridge Street, was held for the purpose of forming a military company. John Carr Esq., was appointed Chairman and Wm. Manuel, Secretary.—Twenty of the members of the company signed the roll, and a committee, consisting of Wm. Manuel, Stephen Barker and Cassius Freeborn, were appointed to procure signatures. The meeting adjourned to meet at the same place, on Tuesday evening next at 7 1-2 o'clock.

SHAD, SCUP AND MACKEREL.—The first shad of the season were offered for sale on Wednesday, some of which weighed as much as seven pounds. This morning we saw a wagon load of various kinds, caught yesterday in the East River. There are a large number of very fine, large shad, and, in the same load, several scup, and *five round mackerel*.

There is no fish, whose appearance is hailed with such general satisfaction as that of mackerel. They, at first, command a high price, but very soon, when plenty, their price is reduced so as to place them as a savory morsel upon the tables of the poorest. The indications are now, that this will be an unusually productive fish season.

The Railroad and Steamboat Purchase.—Our Boston correspondent, in reference to the Old Colony and Newport Railroad purchase, mentioned by us yesterday, sends the following:

"I presume before this reaches you, you will have heard that it came out this morning that the Bay State Steamboat Company has been "gobbled up" by the Old Colony Railroad! It was done on Saturday, having been begun Thursday night, a messenger going through from Boston to Fall River on an engine, sometime during the night. The *consideration is said* to be $1,400,000, and the transfer is total and perfect; literally *lock, stock, and barrel*,—everything except the steamer "State of Maine," which is under such a contract with the general government as to make the sale of her at present, of doubtful expediency. The *compromise* provides for the alteration of the O. C. and F. R. road through Fall River, and the proposed routes will pass directly through the estates of Richard and Jefferson Borden, who each receive therefor $20,000. The plan of going over Fall River *on stilts*, is, of course, abandoned, and the road will pass through the tunnel.

The Dighton and Somerset road has probably gone to the d—l."—*N. B. Standard.*

APOSTOLICAL.—We understand that a certain Rector in our goodly city yesterday, after officiating in the morning service at the church over which he presides, in order to further carry out the *spirit* of the President's Proclamation, and to show to the world that he was really in the *line* of the Apostolic succession, took his nets and lines and went on a fishing excursion. If the Rev. gentleman failed to get a "glorious" nibble yesterday, he may, if he pleases, accept this as a bite.

SALE OF GROCERIES AT AUCTION.—We call attention to the advertisement in our columns to-day, of the Administrator's sale to-morrow morning, at 10 o'clock, of the entire stock in the store of the late John Sterne, deceased, on Washington Square, near the State House. As the stock consists of quite a variety of groceries, farming implements, &c., it will be a good opportunity for all who are in want of the articles named, to purchase.

It is said there are seven million dollars worth of property in the District of Columbia liable to confiscation.

PURE BOURBON WHISKY.

BOTTLED BY

UDOLPHO WOLFE.

TO THE PUBLIC.

Having been solicited by Physicians, Druggists, Grocers, and private families to add to my business "Pure Bourbon Whisky, in bottles the same as I sell and have been doing with my "Schiedam Schnapps," to seal it with my seal, and add my certificate to the label, of its undoubted purity, I am happy to say that, after a great deal of difficulty, I have concluded an arrangement with two of the largest and oldest distillers in Kentucky for a regular supply.

The Whisky will be put up in quart bottles, and packed in cases of one dozen each.

Craving for the following letter a careful and attentive perusal.

I remain yours, &c.
UDOLPHO WOLFE.

New York, January 30th, 1863.

Udolpho Wolfe, Esq., 22 Beaver St., New York.

Dear Sir: The want of Pure Liquors for Medicinal purposes has been long felt by the profession, and thousands of lives have been sacrificed by the use of adulterated articles.

We have tested the Bourbon Whisky which you sent us, and consider it justly entitled to the high reputation you claim for it.

We would recommend you to appoint some of the respectable Apothecaries in different parts of the United States as Agents for the sale of your Bourbon Whisky, where the profession can obtain the same, when needed for medicinal purposes.

Wishing you success in your new enterprise,

We remain your obedient servants,

ANOTHER RUMORED CROSSING.

New York, April 30.

The *World* professes to have information that our army were crossing the Rappahannock yesterday, at Port Royal.

FROM THE WEST.

Cairo, April 30.

Gen. Ellet's Marine Brigade on its return from the Expedition up the Tennessee River, was fired on by the Rebels under Major White. The fire was returned by the Gunboats. The Rebels fled with a loss of ten killed and twenty wounded. Major White mortally.

Gen. Ellet has destroyed every Grist and Saw Mill and every Distillery on the Upper Tennessee, besides five hundred thousand feet of lumber.

The towns of Hamburg and Eastport were also destroyed.

A special Memphis despatch says advices from Youngspoint to Sunday, says, that Gen. Grant was at Carthage. It was thought that the Rebel trains up the Yazoo were all ready to come out. A raft has been cut to pieces, having floated out.

It is doubtful whether any of the six transports which attempted to run the batteries at Vicksburg on the night of the 23d succeeded in passing. Four of them, are known to be sunk. The other two if they got by are badly damaged. The firing on the transports was terrific. Commencing at midnight it continued till daylight.

A dispatch from Milliken's Bend, the 24th says orders were yesterday issued for the whole army to march with six days' rations.

FROM THE SOUTH.

Dissolution of the Hampton Legion.

New York, May 1.

A letter to the *Tribune* from Warrinton Junction, 26th, says:

News comes by a deserter that Gen. Hampton, commanding the Hampton Legion, has resigned his commission and returned home. This action is said to have originated in his sympathy with the opposition of Georgia to the food assessment and other arbitrary acts of the Confederate Government. Whether other officers in the Legion have followed his example is not reported, but considerable disaffection ensued among the privates, and they have been incorporated into Virginia Cavalry Regts.

The Hampton Legion of Georgia is defunct as an organization. Horses are becoming very scarce in the south and from no quarter can supplies be received.

POSTSCRIPT.

TWO O'CLOCK.

A SUCCESSFUL CAVALRY EXPEDITION.

New York, May 1.

A Fairfax Court House despatch, of the 30th, states that General Stahl's expedition into the country east of the Shenandoah was successfully accomplished. He had several skirmishes with the rebels in all of which he was successful, capturing forty men of the Rebel Colonel Mosby's command and some of White's guerillas.

New York, May 1.

The *Tribune's* correspondent says that General Stahel reports a reconnoissance in force from Fairfax Court House to various places in the valley between Bull Run Mountains and the Blue Ridge. No force of the Rebels was encountered, but there were slight skirmishes with straggling parties of guerillas.

Thirty-eight prisoners were taken beside one hundred horses and other spoil. It is now definitely known that the Rebels have no regular force north of the Rappahannock in Eastern Virginia.

GREAT INDIAN REMEDY

FOR FEMALES.

Dr. Mattison's Indian Emmenagogue.

This celebrated Female Medicine, possessing virtues unknown of anything else of the kind, and proving effectual after all others have failed, is designed for both *married and single ladies*, and is the very best thing known for the purpose, as it will bring on the [illegible] *sickness* in cases of obstruction, from any cause, and after all other remedies of the kind have been tried in vain.

OVER 2000 BOTTLES

have now been sold

without a *single failure*, when taken as directed, and without the least injury to health *in any case*. ☞ It is put up in bottles of three different strengths, with full directions for using, and sent by express, [illegible] to all parts of the country.

Prices—Full strength $10; half strength $5; quarter strength, $3 per bottle.

☞ *Remember! This medicine is designed expressly for* OBSTINATE CASES, *which all other remedies of the kind have failed to cure; also that it is warranted as represented* IN EVERY RESPECT, *or the price will be refunded.*

☞ BEWARE OF IMITATIONS! None genuine and warranted unless purchased *directly of Dr. M.* at his *office.* ☞ Accommodations for ladies wishing to stay in the city a short time for treatment

Dr. Mattison's Diuretic Compound,

For Acute and Chronic Gonorrhea.

This new remedy contains neither Balsam, Copaiva, Spirits of Nitre, Cubebs, Turpentine, or any other poisonous drugs, but is an elegant vegetable liquid, pleasant to the taste and smell, grateful to the stomach, cooling, cleansing and healing in its operation and speedily allaying all heat and irritation in the urinary passage. You, therefore, who have been swallowing down *Balsam Copaiva*, either in capsules or mixtures, for months in succession, until with pale face and disordered stomach, your breath and clothes are filled with it, take courage, throw away the disgusting mixtures, and send for a bottle of this *New Remedy*, which will not only cure you *at once*, but at the same time it will cleanse the system from the injurious effects of the various mixtures you have been taking so long.

☞ ONE BOTTLE WHICH LASTS A WEEK WILL OFTEN EFFECT A PERMANENT CURE. Price $2.00.

Dr. Mattison's Anti-Syphilitic Syrup,

For Constitutional Syphilis

No remedy ever discovered has done what has been achieved by this. Under its use every form of constitutional syphilitic taint is speedily cured, and in a few weeks the subtle poison is completely eradicated from the system, and health and strength are permanently restored.

☞ *It was this remedy that cured in a few weeks a gentleman from the South, then stopping at Newport, and for which he presented Dr. M. with $150 besides his fee, after having been under the treatment of the most eminent physicians in Baltimore, Philadelphia and New York for* FIVE YEARS.

One bottle, which lasts a month, will often effect a perfect cure. Price, $10; half size, $5.

Dr. Mattison's Nerve Invigorator,

For Nervous Debility, Loss of Power, Impotency, Confusion of Thought, Loss of Memory, Irritable Temper, Gloomy Apprehensions, Despondency and Melancholy, which may end in Loss [illegible].

This new remedy for that fearful train of mental and physical evils arising from venereal excesses, and secret habits of the young, is composed of the most soothing, strengthening and invigorating medicines to be found in the whole Vegetable Kingdom, which, in combination, form the most perfect antidote for this obstinate and distressing class of maladies ever yet discovered.—It has now been sent to nearly every State in the Union, relieving the untold sufferings of hundreds who have never seen the inventor, restoring them to comparative health, strength and happiness. *Prices*—Quart bottle, which lasts a month, $10; half size, $5.

☞ These four GREAT REMEDIES are the result of over twenty years' study and practice, and as now prepared they are known to be *the very best* for their respective purposes, and I am therefore induced to make them public for the mutual benefit of myself and the sick, who otherwise could never avail themselves of their benefits. They are all warranted as represented, in every respect, or the *price will be refunded.*

☞ Prepared and sold ONLY at DR. MATTISON'S REMEDIAL INSTITUTE FOR SPECIAL DISEASES rear No. 28 Union street, Providence, R. I., and sent by express, *secure from observation*, to all parts of the United States.

A WORD OF CAUTION.

☞ It has been estimated that over *Two Hundred Thousand Dollars* are paid to swindling quacks annually in New England alone; and that, too, without *any benefit* to those who pay it. All this comes from trusting, *without inquiry*, to men who are alike destitute of honor, character or skill and whose *only* recommendation is *their own* false and extravagant *assertions* in praise of *themselves*. The only way to avoid imposition is to take no man's word, *no matter what his pretensions are*, but MAKE INQUIRY. It will cost you nothing, and may save you many regrets; for, as advertising physicians in nine cases out of ten are *bogus*, there is no safety in trusting *any of them* unless you know *who* and *what* they are.

Dr. M. will send *free*, by enclosing one stamp as above, a Pamphlet on DISEASES OF WOMEN, and on *Private Diseases* generally; giving full information, *with the most undoubted references and testimonials* without which no advertising physician, or medicine of this kind is deserving of ANY CONFIDENCE WHATEVER.

☞ Orders by mail promptly attended to. Write your address plainly, and direct to DR. MATTISON as above. dl8 1y

$500 WILL BE FORFEITED BY DR. L. DIX if failing to cure in less time than any other physician, more effectually and permanently, with less restraint from occupation or fear of exposure to all weather, with safe and pleasant medicines.

SELF-ABUSE AND SOLITARY HABITS

Their effects and consequences;

SPECIAL AILMENTS AND SITUATIONS

Incident to Married and Single Ladies;

SECRET AND DELICATE DISORDERS;

Mercurial Affections; Eruptions and all Diseases of the Skin; Ulcers of the Nose, Throat and Body; Pimples on the Face; Swellings of the Joints; Nervousness; Constitutional and other Weaknesses in Youth, and the more advanced, at all ages, of

BOTH SEXES, SINGLE OR MARRIED.

DR. L. DIX'S

PRIVATE MEDICAL OFFICE,

21 Endicott Street, Boston, Mass.

Is so arranged that patients never see or hear each other. Recollect the ONLY entrance to his Office is No. 21, having no connection with his residence, consequently no family interruption, so that on no account can any person hesitate applying at his office.

DR. DIX

boldly asserts (and it cannot be contradicted, except by Quacks, who will do or say anything, even perjure themselves, to impose upon patients) that he

IS THE ONLY REGULAR GRADUATE PHYSICIAN ADVERTISING IN BOSTON.

SIXTEEN YEARS

engaged in treatment of Special Diseases, a fact so well known to many Citizens, Publishers, Merchants, Hotel Proprietors, &c., that he is much recommended, and particularly to

STRANGERS AND TRAVELLERS.

To avoid and escape imposition of Foreign and Native Quacks, more numerous in Boston than other large cities.

DR. L. DIX

proudly refers to Professors and respectable Physicians—many of whom consult him in critical cases, because of his acknowledged skill and reputation, attained through so long experience, practice and observation.

AFFLICTED AND UNFORTUNATE!

Be not robbed and add to your sufferings in being deceived by the lying boasts, misrepresentations, false promises and pretensions of

FOREIGN AND NATIVE QUACKS,

who know little of the nature and character of Special Diseases, and LESS as to their cure. Some exhibit forged Diplomas of Institutions or Colleges, which never existed in any part of the world; others exhibit Diplomas of the Dead, how obtained, unknown; not only assuming and advertising in names of those inserted in the Diplomas, but to further their imposition assume names of other most celebrated Physicians long since dead. Neither be deceived by

QUACK NOSTRUM MAKERS,

through false certificates and references, and recommendations of their medicines *by the dead*, who cannot expose or contradict them; or who, besides, to further their imposition, copy from Medical books much that is written of the qualities and effects of different herbs and plants, and ascribe all the same to their Pills, Extracts, Specifics, &c., most of which, if not all, contain Mercury, because of the ancient belief of its "curing everything," but now known to "kill more than is cured," and those not killed, constitutionally injured for life.

IGNORANCE OF QUACK DOCTORS AND NOSTRUM MAKERS.

Through the ignorance of the Quack Doctor, knowing no other remedy, he relies upon MERCURY, and gives it to all his patients in Pills, Drops, &c., so the Nostrum Maker, equally ignorant, adds to his so-called Extracts, Specific, Antidote, &c., both relying upon its effects in curing a few in a hundred, it is trumpeted in various ways throughout the land; but, ALAS! nothing is said of the balance; some of whom die, others grow worse, and are left to linger and suffer for months or years, until relieved or cured, if possible, by competent physicians.

BUT ALL QUACKS ARE NOT IGNORANT.

Notwithstanding the foregoing facts are known to some Quack Doctors and Nostrum Makers, yet, regardless of the life and health of others, there are those among them who will perjure themselves, contradicting giving mercury to their patients or that it is contained in their Nostrums, so that the "usual fee" may be obtained for professedly curing, or "the dollar" or "fraction of it" may be obtained for the Nostrum. It is thus that many are deceived also, and uselessly spend large amounts for experiments with quackery.

DR. L. DIX'S

charges are very moderate. Communications sacredly confidential, and all may rely on him with the strictest secrecy and confidence, whatever may be the disease, condition or situation of any one, married or single.

TO THE LADIES.—The celebrated DR. L. DIX particularly invites all who need a *Medical or Surgical* adviser, to call at his Rooms, No. 21 Endicott Street, Boston, Mass., which they will find arranged for their special accommodation.

Dr. DIX having devoted over twenty years to this particular branch of the treatment of all diseases peculiar to females, it is now conceded by all (both in this country and in Europe) that he excels all other known practitioners in the safe, speedy and effectual treatment of all female complaints.

His medicines are prepared with the express purpose of removing all diseases, such as debility, weakness, unnatural suppressions, enlargements of the womb, also, all discharges which flow from a morbid state of the blood. The Doctor is now fully prepared to treat in his peculiar style, both medically and surgically, all diseases of the female sex, and they are respectfully invited to call at

CURE THAT COUGH OF YOURS.

Use the best, Surest, and cheapest Remedy the world has ever produced.

ONLY 13 & 25 CENTS PER BOTTLE.

MADAME ZADOC PORTER'S

GREAT COUGH REMEDY.

MADAME ZADOC PORTER'S Curative Balsam is warranted if used according to the directions, to cure in all cases, Coughs, Colds, Whooping Coughs, Asthma, and all affections of the Throat and Lungs.

MADAME ZADOC PORTER'S BALSAM is prepared with all the requisite care and skill, from a combination of the best remedies the vegetable kingdom affords. Its remedial qualities are based on its power to assist the healthy and vigorous circulation of the blood, through the lungs. It is not a violent remedy, but emollient,—warming, searching and effective; can be taken by the oldest person or youngest child.

MADAME ZADOC PORTER'S BALSAM has been used by the public for over 18 years, and has acquired its present sale simply by being recommended by those who have used it, to their afflicted friends and others.

MOST IMPORTANT.—MADAME ZADOC PORTER'S CURATIVE BALSAM is sold at a price which brings it in the reach of every one to keep it convenient for use. The timely use of a single bottle will prove to be worth 100 times its cost.

NOTICE.—SAVE YOUR MONEY!!!—Do not be persuaded to purchase articles at 4s. to $1, which do not contain the virtues of a 13 Ct. Bottle of Madame Porter's Curative Balsam, the cost of manufacturing which is as great as that of almost any other medicine; and the very low price at which it is sold, makes the profit to the seller apparently small, and unprincipled dealers will sometimes recommend other medicines on which their profits are larger, unless the customers insist upon having Madame Porter's and none other. Ask for Madame Porter's Curative Balsam, price 13 cts., and in large bottles at 25 cts., and take no other. If you cannot get it at one store you can at another.

☞ Sold by all Druggists and Store-keepers at 13 cts, and in larger bottles at 25 cts.

CURE FOR PIN WORMS.

DR. E. G. GOULD'S

PIN WORM SYRUP

Is the first and only remedy ever offered to the public for the effectual removal of the Ascarides, or Pin Worms from the human system. The high reputation it has established in the last two years, and the fact that it is fast superseding all other worm remedies, is the best test of its great celebrity.

It affords Relief in twenty-four hours and an Entire Cure is warranted

when taken according to directions, which accompany each bottle.

THIS SYRUP is also a most valuable family cathartic, to be always on hand when physic is required, ESPECIALLY FOR CHILDREN. It corrects the secretions, gives tone to the stomach and bowels, assisting nature in her efforts to restore health. IT IS PURELY VEGETABLE, AND ALWAYS SAFE AND RELIABLE.

C. HERALY, Sole Proprietor.

Sold in Boston by GEO. C. GOODWIN & CO., No. 12 Marshall street, and other Wholesale Druggists. Also sold by R. J. Taylor, Wm. & S. N. Allen, Caswell Mack & Co.

DYSPEPSIA & FITS.

A SURE CURE FOR THESE DISTRESSING COMPLAINTS IS NOW MADE KNOWN IN A

"Treatise on Foreign and Native Herbal Preparations."

Published by DR. O. PHELPS BROWN.

The prescription was furnished him in such a providential manner that he cannot conscientiously refuse to make it known, although he never was a believer in Clairvoyance, Spiritualism, Pschycology, &c. This remarkable remedy has cured everybody who has tried it, never failing in a single case. It is equally sure in cases of Fits as of Dyspepsia; and the ingredients may be found in any drug store. Those who are afflicted with Consumption, Bronchitis, or Asthma, may also be cured by the use of my Herbal Preparations, which are charged with electro-magnetic properties, and an *ozone* or aroma healing atmosphere is continually emanating from them, in consequence of the *positive* and *negative* repulsion of its atomized electro magnetical principles, thereby rendering their efficacy truly wonderful in all cases of Lung Complaints. I will send this valuable prescription free to any person on receipt of their name. Address Dr. O. PHELPS BROWN, No. 19 Grand street, Jersey City, N. J.

GALVANIZED IRON COFFS

The subscribers have become agents of the patent GALVANIZED IRON COFFIN, a new article finished in the most beautiful manner and made of what has proved by years of experience to be *the most imperishable of all materials.*

This article in shape and outward appearance resembles a highly finished rosewood coffin. It is much less awkward, in appearance lighter, more efficient and easier handled than the cast iron coffins which have been in use for several years.
